## Remembrance Day, Nov. 11 "The Dead"

These hearts were woven of human joys and cares,  
Washed marvellously with sorrow, swift to mirth.  
The years had given them kindness. Dawn was theirs,  
And sunset, and the colours of the earth.  
These had seen movement, and heard music;  
Known slumber and waking; loved; gone proudly friended;  
Felt the quick stir of wonder; sat alone;  
Touched flowers and furs and cheeks. All this is ended.  
There are waters blown by changing winds to laughter,  
And lit by the rich skies, all day. And after, frost, with a gesture, stays the waves that dance,  
And wandering loveliness. He leaves a white unbroken glory, a gathering radiance, A width, a shining peace, under the night.

## Local Legion Gives Thanks For Donations

### LETTER TO EDITOR

The Didsbury Pioneer,  
Didsbury Alta.

Dear Mr. Currie:

In behalf of the local branch of the Canadian Legion and Ladies Auxiliary, and the fine people of this district, we wish to express our thanks to the Didsbury Boy Scouts, and the Cubs, and country school teachers, for their hearty assistance in our Poppy Day Campaign.

This organization disposed of 800 poppies and 40 wreaths. Oids ran out of poppies at noon, so we gave them 200, and thus all supplies were disposed of early afternoon. The Poppy Day Committee did a good job was just wonderful. We had one instance of failure to cooperate. May be it was a good thing in its way to remind us of our obligation to our War Veterans, thousands of whom are still lying in our hospitals, quietly living out what little life has been spared to them, and to the still greater thousands, whose graves are scattered in the four corners of the world. The work of the veterans today gives up the pleasure of living that may enjoy the happiness of today. Had they not done this we would not have been permitted to even publish this letter of thanks.

The tumult and the shouting dies.  
The captains and the kings depart.  
Still stands our ancient sacrifice,  
A humble and a contrite heart.  
Lord God of hosts, be with us yet,  
Lest we forget. Lest we forget."

W. H. VanWyk,  
Poppy Campaign Manager,  
Canadian Legion

## TELEVISION ANTENNAS

The installation of television antenna supporting structures adjacent to overhead power lines constitutes a serious accident and fire hazard. If the structure contacts the power line either when it is being erected or later under storm conditions, the full voltage of the power line will be impressed on the structure and antenna. Fatal accidents and fires have been caused by such contacts.

Persons erecting television antennas should wherever possible maintain sufficient clearances from the power lines to ensure that no contact will be made if the antenna structure falls. It is recommended that the distance from the power line be six feet greater than the total height of the structure. Where such clearances cannot be obtained the structure must be securely guyed away from the power line. The company owning the power line should be notified when the installation is being made so they may have a representative present to temporarily disconnect the line, if necessary.

Details of the safe construction standards for domestic antennas exceeding fifteen feet in height have been compiled by the Canadian Standards Association under Specification C22.4 No. 112. These Specifications are available from the Canadian Standards Association, National Research Building, Ottawa, at a cost of 75c per copy.

The minimum requirements for the installation of television antennas and lead-in cables, together with the protective grounding required are contained in Section 54 of the Canadian Electrical Code, Part 1, Sixth Edition which has been adopted under the Electrical Protection Act of Alberta.

Work That Land: It is very gratifying to see many farmers who are taking advantage of the beautiful weather and are working land which, in many cases has been too wet to work during the summer. Much of this land which had been intensive for summerfall has grown a bountiful crop of thistles, quack grass or other weeds, and has been a dead loss.

However, it is at all possible, and with the cooperation and help during the past month, it has in most cases become impossible to give this ground a thorough working. It can hardly be expected that this stroke will do a "cure-all" job, but it will most certainly go a long way in preparing much of this ground for crop next year. Perennial weeds such as quack grass and these, also toad flax, are going to be hardly killed. "Jack frost" if the root systems are exposed to the air and exposed to the elements. It is not exaggerating to say that one real good thorough working with cultivator, plow or tiller before freeze-up could do as much harm to the perennial weed population on your farm as would a half-hearted summerfall in a normal year. It is that last deep, thorough stroke that counts.

BENEVOLENT FUND  
AIDS THOSE IN NEED

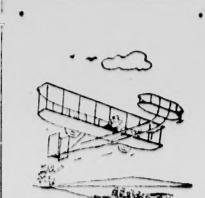

Calgary, Alta., Lt. Col. W. K. Jull, Q.C., Provincial Chairman of the Army Benevolent Fund, has now made the arrangements under which the dependents of personnel of the Canadian Army Regular Force can receive assistance in medical or other expenses possible when are creating financial distress.

Application to the Army Benevolent Fund is made in the first instance by the serviceman through his commanding officer. Those who faced with financial difficulties should ask the serviceman to take up the matter with his Commanding Officer. In cases of extreme emergency, the application may be made directly to a representative of the Department of Veterans Affairs.

The provision of assistance to dependents is but one of the Army Benevolent Fund's programme which makes financial assistance available to Second World War Veterans of the Canadian Regular Force, the Canadian Militia, the Royal Canadian Air Force and the Regular Force and their dependents. The funds are provided from the profits of canteens and messes of the Canadian Army.

Since its inception in 1948, at the end of September 1954 the Fund has rendered total financial assistance of \$32,226.149 on behalf of veterans and servicemen in Canada and overseas. The amount of assistance in Alberta was \$64,443 and again this year grants and other services in this province are running at \$5,400 a month.

Colonel Jull, veteran of both World Wars and a former commanding officer of the King's Own Calgary Regiment (Tank), is now retired from the army and lives in Lethbridge. He has held appointments as sheriff and clerk of the court. He has served in a voluntary capacity with the Alberta Committee since its inception in 1948.

WHEN THE Wright Brothers first took off at Kitty Hawk fifty years ago, weight-saving aluminum was already in on the act. Their tiny engine had a single cast aluminum crank-case and cylinder block. Aluminum has been growing with the aircraft industry ever since. Now strong aluminum alloys are helping to combat the heats and stresses of supersonic flight. Alcan is busier than ever supplying aluminum for the busy aircraft plants and other metals users looking for lightness and strength... at a fraction of the price that the Wright Brothers paid. WHAT  
DOES  
PUBLIC  
WELFARE  
DO  
IN ALBERTA

The following is a summary of what may be regarded as pension plans for certain categories of Alberta citizens:

OLD AGE ASSISTANCE  
Under an agreement with the Government of Canada the Province has, since 1 January 1952, been paying assistance up to \$40.00 a month under a means test to persons in the 60-61 group who have resided in Canada for 10 years or its equivalent.

Fifty per cent of the assistance paid may be recovered from the Federal Government.

BLIND PERSONS' ALLOWANCES  
Pensions for the blind had for several years been paid under the former Old Age Pension Act. On 1st January 1952, a special Blind Persons' Allowances Act came into effect and under an Agreement with the Government of Canada, the Province continued to pay an allowance up to \$40.00 a month to persons who had attained the age of twenty-one years and had resided in Canada for ten years or its equivalent.

Seventy-five per cent of the allowance may be recovered from the Federal Government.

WIDOWS' PENSIONS  
Since 1st April 1952 the Province, at its entire expense, has been paying a pension up to \$40.00 a month under a means test to widows of the 60-61 group who had resided in the province for the greater portion of three years prior to the date of application and had resided in Canada for a period of 15 years or its equivalent prior to the date of the age of 60 years was attained.

DISABLED PERSONS' PENSIONS  
PENSIONS

Since 1st April 1952 the Province, at its entire expense, has been paying a pension up to \$40.00 a month under a means test to disabled persons who have attained the age of 21 years and who have resided in Alberta for the 10 years immediately preceding date of the application.

SUPPLEMENTARY ALLOWANCES  
An allowance up to \$15.00 a month is payable under a means test to Alberta residents in receipt of Old Age Security, Old Age Assistance and Blind Persons' Allowances.

MOTHERS' ALLOWANCES  
An allowance up to \$10.00 a month may, in addition, be paid in cases where the need is apparent.

These allowances have been paid in Alberta since 1919 to any needy widow with dependent children according to the child benefit scale. The amounts vary from \$50.00 a month to \$145.00 a month. A special allowance up to \$10.00 a month may, in addition, be paid in cases where the need is apparent.

The municipality in which the widow has acquired residence assumes twenty per cent of the cost of the regular allowance. This allowance is payable until the child reaches the age of 18 years or of 16 years if attending school and making satisfactory progress.

HOSPITALIZATION AND TREATMENT ALLOWANCES

The province, at its own expense, provides certain hospitalization and treatment services to Alberta residents who are in receipt of Old Age Assistance, Mother's Allowance, Widow's Pension or Supplementary Allowance. This is also available to recipients of Old Age Security under a means test.

OLD AGE SECURITY

Those persons who have resided in Alberta for a period of 20 years or its equivalent the Federal government pays a pension of \$40.00 a month without a means test.

**Literary Censorship . . .**

By Donald F. Smith  
EDMONTON - Alberta is on the threshold of the tricky business of literary censorship, although no one knows yet how far it is to be carried.

As the result of a meeting last week at the legislative buildings, it appears very likely that a "citizen's committee" will be formed within the next few months, charged with the task of keeping newstands clear of crime and horror comics. In time, it is possible the scope of the committee will be wider and may include magazines and paper-bound books.

The meeting had been called by Hon. Lucien Maynard, attorney general, who invited representatives of home and school organizations, church groups, women's and library associations and police officials.

After hearing similar suggestions from some of the delegates, Maynard said to the committee: "The government has been giving thought to the establishment of a committee which would read the comic books and advise the Minister on which types should stop being sold. Should a distributor ignore the committee's suggestion, the attorney-general said, the committee would then advise the attorney-general's department take action under Section 207 of the Criminal Code of Canada, which pertains to the distribution of crime comic books offensive literature."

Mr. Maynard expressed confidence that the distributors would co-operate with such a committee and that one of the largest distributors in the province pledged support of such a program.

The indication that the committee function might extend beyond the removal of comics was given by Mr. Maynard when he was asked if the committee would deal with only comics.

He said: "We would like to see it go as far as possible."

The actual establishment of the committee, methods of selecting members and mode of operation will be matters for discussion at a further meeting to be held next month.

Delegates to the meeting did not worry about the harmfulness of certain comics, assuming that this was so an committee would come up with some method of eliminating them.

Some cautioned, however, that no form of censorship would be necessary and that the craving for comic books could be eliminated by the substitution of "good books", through improved facilities such as regional libraries.

By REV. C. C. ARMSTRONG  
Tomorrow will be Remembrance Day, and throughout the nation there will be solemn services to commemorate the occasion. The wars of 1914-18, 1939-45 and the war in Korea brought loss of life to millions. The war in Korea brought loss of life to millions, causing many to be disabled, causing wounds, and has affected the lives of every one of us. All of us, whether willingly or unwillingly, whether as soldier or civilian male or female, young or old, have cause for remembrance. War is no longer an activity carried on by a distinctive portion known as the armed forces, but has become an activity of the entire nation. At one time armed conflict was localized but it became world wide.

On Remembrance Day we are called upon to do two things. One of these involves memory and reaches back into the past. The other involves consecrated will-power, and looks forward into the future. Neither of them should be viewed in isolation nor should they be considered as relating to death alone or to life alone. Think of those who have given their lives, who have given their all, who have given their bodies to the service of their country. Is the fulfillment of their own personal destiny to be marked only by a little white cross with physical death the final terminal of earthly existence? Is their only immortality to be that of their influence upon others who, in their turn, must also become part of the dust from which we have come?

I am not here going to preach a sermon but must point out that the whole matter of remembrance, as it does to life and death, must be evaluated and viewed against the perspective of the Eternal and the Divine. It is not simply a matter of fighting things out upon the earth. It is the recognition that the Scriptures are speaking sober and absolute truth when they remind us that spiritual conflict is the result of spiritual causes.

"We wrestle not against flesh and blood, but against the principalities, powers, rulers of darkness, against spiritual wickedness in high places." Anyone who puts on physical armour without any thought of the armour of God will eventually be found naked and defenceless against his enemies. Remembrance Day is not Remembrance Day if we call to mind

**LET'S GET ON WITH IT**

It is important to have the Trans-Canada Highway completed as soon as possible, declares The Financial Post.

The loss in tourist revenue - by Canadians forced to detour through the United States when motoring between Eastern and Western Canada and by U.S. tourists who should spend more time here if there were a good east - west road in this country - is impossible to assess. There is also the Canadian east - west trucking that now must go.

There are good reasons why Canada hasn't yet built a modern highway from coast to coast. There is no

reason, however, why the utmost energy should not be expended in providing this very necessary item as soon as humanly possible.

Only those who have lived and died, can truly remember the High and Holy One, who is the Author and Giver of Ever-Lasting Life. To neglect Him in peace or war is to be in the gravest peril.

Eternal Life mediated through Christ is not simply the reward given after death but it is the guiding principle and strength of those who have put on the whole armour and only thus equipped are "able to withstand in the evil day."

—

On Remembrance Day we are

called upon to do two things.

One of these involves memory and reaches

back into the past. The other in-

volves consecrated will-power, and

looks forward into the future.

Neither of them should be con-

sidered as relating to death alone or

to life alone. Think of those who

have given their lives, who have given

their all, who have given their bodies

to the service of their country. Is the

fulfillment of their own personal destiny to be

marked only by a little white cross with

physical death the final terminal of

earthly existence? Is their only

immortality to be that of their influence

upon others who, in their turn, must also

become part of the dust from which we have come.

I am not here going to preach a

sermon but must point out that

the whole matter of remembrance,

as it does to life and death, must be

evaluated and viewed against the

perspective of the Eternal and the

Divine. It is not simply a matter of

fighting things out upon the earth.

It is the recognition that the Scrip-

tures are speaking sober and abso-

lutely truth when they remind us that

spiritual conflict is the result of

spiritual causes.

"We wrestle not against flesh and

blood, but against the principalities,

powers, rulers of darkness, against

spiritual wickedness in high places."

Anyone who puts on physical ar-

mour without any thought of the ar-

mour of God will eventually be

naked and defenceless against his

enemies. Remembrance Day is not

Remembrance Day if we call to mind

The co-operation of Alberta farmers will determine the success of this very important Farmers' Union membership drive. The issue is squarely up to the farmers to take this opportunity to build a strong Farmers' Union.

U.F.A. Co-op, organized by farmers to serve farmers in the farm supply field, is keenly interested in the development of a strong farmers' organization. To get a fair deal for agriculture it is essential to have a farm organization with a membership representing the majority of the farmers of Alberta.

U.F.A. Co-op strongly urges all its members to play a part in Roundup Day. Join the Farmers' Union of Alberta. Get your neighbors to join.

REMEMBER THEM****In Flanders Fields**

In Flanders Fields the poppies blow  
Between the crosses row on row.  
That mark our place, and in the sky  
The larks, still bravely singing, fly,  
Scarce heard amid the guns below.

We are the dead. Short days ago  
We lived, felt down, saw sunset glow.  
Loved and were loved, and now we lie  
In Flanders Fields.

Take up our quarrel with the foe,  
To you, from failing hands, we throw  
The torch, be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow,  
In Flanders Fields.

## M.V.B.C. NEWS

(From Our Own Correspondent)

Over the weekend President Taylor subbed for Rev. A. M. Traub in the Condor and Gimli churches. Mrs. Suder, accompanied by Rev. and Mrs. Edwards, presented ministrations in the McDonald Flats and James River churches. It was a busy day for all of them.

We are happy to have Miss Bessie Plant, Reg. No. 11, with us on the campus for this entire week. Miss Plant has returned from her work in Palestine and is on her way under the appointment of the M.C.C. to Formosa, where she will inspect the schools for mites. She spoke in the United Missionary Church on Sunday morning, and gave a most interesting address on the conditions in Israel and Jordan, the area of her interest and work.

On Friday night Canadian Nazarene College presented a program of sacred music in the United Missionary Church, after which they were entertained by the college students in the dining room. Earl Reimer, chairman of the professional committee of the College, was in charge. The evening was enjoyed by every one and in closing, Alfred Dietz, president of the Student Association, read Scripture and President Taylor closed with prayer. Mr. Taylor, director of the choir, is to be commended on the splendid performance of his choir. Our college will be returning the visit in the spring.

We had the unusual privilege of entertaining an Indian in the college this past week. Mr. Edwards from Southern India has an evangelistic work in the United States, then presented the need of these people to several interested persons. He left on Sunday and will soon return to his native land.

Mrs. Walter Reimer entertained for dinner on Thursday evening, having as her guests Mrs. Suder, Miss Walsh, Mrs. Habermehl, Mrs. Heedgaard and Miss Eby.

The students are looking forward to the revival meetings which will begin in the church on coming Wednesday evening. Classes will begin 15 minutes earlier each day so that the evangelist, Rev. Norman Oke, will have a longer period for chapel. Wednesday will be an all-day of prayer in the college. We trust that many of the readers of this column will attend the meetings in the church and hear this talented speaker, Mr. Lusk and Mr. Widmark in charge of the meetings.

We are happy to welcome the Tewes brothers from Conder this last week. They are second year students and at present use up all their spare moments making up for past assignments, and copying notes essential to their study.

Judy Johnston is a patient in the Didsbury hospital.

The W.I. card party, with Mrs. J. Hansen and Mrs. A. Waldruff as co-hostesses, has been postponed from Friday, Nov. 12 to Nov. 19.

The Zella Sunday school was host to several young people at a Hallowe'en party at the school Saturday night. While the party was in progress air was let out of tires and two car aerials were broken.

In the early morning hours of Sunday a car of adults paid a visit around the district and farm gates were removed, letting stock out on the road. A stack of baled straw was

## WEDDING'S

LUFT — SHERICK

On the evening of October 22nd, the United Missionary Church was the scene of a lovely candle-light wedding when Donna Marie, eldest daughter of Mr. and Mrs. Fred Sherrick of Didsbury, was married to Douglas Luft, son of Mr. and Mrs. John Luft. The ceremony was performed by the bride's uncle, Rev. Abe Neufeld, before an altar decorated with yellow roses and white carnations, with candles in the background surrounded by lovely green fern and colorful fall flowers.

Advancing down the aisle on the arm of her father, the bride was radiant in a gown of white net over satin, topped with a satin bolero with tiny point sleeves. Her finger-tip veil cascaded over a delicate seed pearl necklace. Her only jewellery was a dainty gold brooch, gift of the groom.

Attending the bride as maid of honor was her sister, Miss Nadine Sherrick. Bridesmaids were Miss Mary Ann Wilson and Miss Vera Beaufort. They were gowned alike in turquoise net over taffeta with matching capes of taffeta trimmed with net. Halo headresses of matching net, decorated with pearls, completed their ensembles. They carried nosegays of yellow baby 'mums.

Proceeding the bride down the aisle as flower girl was little Donna Dubois, niece of the groom. Donna was adorable in a yellow baby-pucker nylon dress. Her headdress was of matching nylon in sweetheart style and she carried a basket of pink roses.

The groom was attended by his brother, Leonard Luft. Ushers were Lambert Sherrick, brother of the bride and Glen Luft, cousin of the groom. They also acted as candle-lights.

Mrs. Abe Neufeld, aunt of the bride, sang the "Wedding Prayer" as the bride and groom knelt at the altar. During the signing of the register, Mr. Amos Neufeld sang "O Perfect Love."

The bride's mother wore a navy blue striped taffeta dress with coral hat and navy accessories. The mother of the bride wore a blue crepe dress with many accessories. Both mothers had lovely corsages of pink sweetheart roses.

A reception followed in the basement of the Bible College for 100 guests. Friends of the bride, serving as waitresses, wore matching turquoise and white aprons and head-dresses.

The happy couple are enjoying a honeymoon at the west coast and will reside on their farm at Westcott.
